Magic Mountain

RITA ROW

The geologic poetry of rocks and peaks inspire MAGIC MOUNTAIN. An homage to the untamed spirit of the Pyrenees, an exploration of their geological wonders, and a testament to the elegance born of their terrain. Each garment is a chapter in the timeless story of nature, offering a glimpse into the enigmatic realm of myths and creatures. From stone-like textures to mineral-infused tones, each piece carries the echo of ancient tales, imbued in the threads that bind them together.
