FALL | WINTER 24

La collection AW24/25 note le retour des années 90, comme on l'aime. On n'échappe pas à la tendance du large : taille basse ou haute, version cargo ou wide, en denim bleu, gris, noir ou naturel. Bref, la tendance jeans est à l'oversize. Pour autant, dans cette invasion de modèles XXL, on note aussi la tendance des coupes droites et bootcut.

Grosse tendance pour le 100% coton pour une gamme authentique inspirée des jeans old school. Les pantalons de couleurs se déclinent sous des formes baggy et sont remodernisés avec des matières hivernales soigneusement sélectionnées. Laissez-vous séduire pour ce come back so 90's.

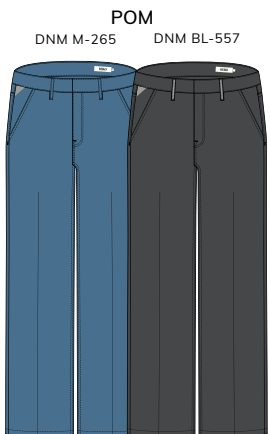

The AW24/25 collection marks the return of the 90s, just the way we like it. You'll not escape the wide-leg trend: low or high waist, cargo or wide versions, in natural or in blue, grey, black washes. SO, The denim trend is all about oversize. However, in this invasion of XXL styles, we also note the trends of straight and bootcut cuts.

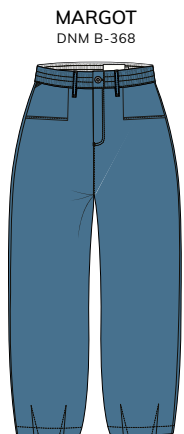

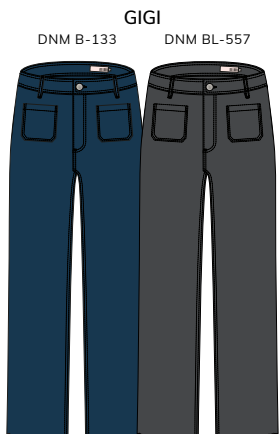

The trend is for 100% cotton for an authentic range inspired by old-school jeans. Colored pants come in baggy shapes and are remodeled with carefully selected winter fabrics. Let yourself be seduced by this 90's comeback.
